Students in the MA degree in Dance Education are required to complete one of the following:

*DCE 624 (2 credits)

*4 credits of undergraduate technique classes (credits not counted towards degree)

*the equivalent from “an approved studio” (non-credit)

1. For each undergraduate credit, students may substitute 25 classes, each at least 75 minutes in length, or the equivalent. The classes may be in dance technique (any form) or yoga, Pilates, or some other recognized form of bodywork, but must be appropriate/advertised for adult students. Note that the approval process requires a justification of the value of the choices made.

2. In general, the 25 classes should be with the same teacher, with the exception of an occasional substitute teacher.

3. The classes must be taken no sooner than the first day of the first semester in which students begin taking graduate courses for the degree.

4. Students must submit a proposal (see following) for approval in advance; the approved proposal will be retained in the student’s file. (For approval of the teacher, the advisor will look for a Master’s degree in Dance or significant professional experience for dance technique classes, and appropriate certification in the form of bodywork.)

5. At the end of the classes equivalent to one undergraduate credit, the student must submit documentation of completion (see following).
I request that the following studio classes be substituted for the equivalent of 1 undergraduate credit of the technique requirement. I understand that no academic credits will be awarded for this work. I certify that all the information in this proposal is true to the best of my knowledge.

Signature of student:_______________________

Date submitted:_____________________________

Name of teacher (s):________________________

Type of dance technique or bodywork: ______________

Number and Length of Classes (equivalent to 25 classes, 75 minutes each)
___________________________________

Attach advertising brochure or statement from the studio to reveal name of studio, teacher qualifications (degrees, certifications, professional experience), and class level.

Attach a statement (approximately one paragraph) describing how these classes will be valuable in your professional growth as a dance educator.
