

### **AUDITORS IN DANCE TECHNIQUE CLASSES**

No auditors will be let into dance technique classes (ballet, contemporary dance, jazz, African, tap, global) unless enrollment is below the number allowed. Approval for auditing a technique class will not be given until the end of the drop-add period, when we are sure about enrollments. Permission for auditing a class will be given by B.J. Sullivan and Sue Stinson. Students must officially register as an auditor in the Registrar's Office or Continual Learning. All students in a class must be enrolled for credit or audit (only as indicated above). Prospective students or other temporary visitors may take a class up to a maximum of three days, by permission of the instructor.
