Audition tips:

Listen to several recordings of each excerpt.
You can find videos on YouTube to get ideas for fingerings, bow strokes, etc.

Record yourself playing the excerpts a week or two before the audition. The voice recorder on your phone is fine!

Use your metronome to check your rhythm. Don’t just turn it on! Really try to play musically with the metronome at a variety of tempos.

Rhythm and intonation are important, but so is style, articulation, and dynamics. Pay attention to all the markings in the music.

Auditions will be blind, meaning the committee will not be able to see you.

You may prepare from and audition from your own parts. The included PDFs are for your convenience, if needed.

There are some excellent videos online that offer tips on preparing excerpts.
