TROMBONE AUDITIONS

Prepare two very brief excerpts from a solo or etude at your playing level (your choice) for the Large Ensemble Audition. One excerpt should feature your melodic, legato playing style, and another passage should demonstrate your technical skill. The length of the video should be no longer than 5 minutes total. Please do not edit the performance on your video.

If you are able, add the text to the video of the title and composer of the solo or etude before you perform it.

The audition process in Fall 2020 will not include sight reading.

Read all of the audition instructions posted on the website.

Randy Kohlenberg, PhD
Professor of Trombone
UNCG School of Music
